for children with special needs.

Information Technology to broaden their skills and enlighten their minds.

Admission is based on strict criteria to identify children with mild to moderate mental disability, with manageable behavioural problems. A maximum class size of 6-7 students per teacher ensures individual attention at all times. Projects and assignments are constructed that foster teamwork and confidence.

HOPE is a 'not for profit' centre founded by likeminded individuals from various expatriate communities in Qatar who have a desire to provide Help, Opportunity, Participation, and Education for children with special needs.

Its activities are registered under the Ministry of Education Qatar.

At HOPE, we firmly believe that each child can develop and will reach their full potential when given the right opportunity and environment. HOPE therefore becomes:

- * An answer to the worries of many parents who want to educate their children with learning difficulties and special needs.
- * An opportunity provided to the children to let them learn at their own pace.
- * An ideal setup for children to learn with individual attention provided catered specifically to their individual needs.

- * Possibility of integrating the children into the mainstream schools under the guidance of our expert teachers.
- * A team that works as a single unit under the leadership of experienced consultants for the overall development of the child.

Coupling Montessori tools and principles with Special Educational expertise, the children are allowed to learn the basics of Language and Mathematics and to explore the essential knowledge of Science, Geography and the World around them.

Art, Music, and Physical education are provided along with apt use of Computers and
